Hospital Grade Devices Heavy-Duty Receptacles IG 15 & 20A, 125V; 20A, 250V

IG8200, IG8300, IG8800, IG8301

Endurance and value in isolated ground receptacles.

Here is the same durable, easy-installing design as our Heavy-Duty Receptacles — but with isolated ground. They share our quick-wiring back or side wire design, which produces rock-solid electrical connections. And they also feature the same tri-drive terminal and mounting screws and impact-resistant nylon face.

Features & Benefits

IG symbol and molded-in "Isolated Ground" markings for easy I.D. and circuit delineation.

Triple-wipe brass contacts ensure lasting, positive contact with plug blades.

Plastic barrier isolates grounding terminal from mounting strap and metal boxes.

High-impact resistant nylon face resists impacts and scrapes.

Nylon strap on top eliminates potential contact with isolated ground.

Easily accessed break-off, line-contact connecting tab for fast, easy split-circuit wiring.

Side and internal screw-pressure-plate back wire capability with #14 – #10 AWG copper or copper-clad, solid or stranded wire.

Auto-ground eliminates the necessity to terminate grounding conductor to device.

IG8300

Field Uses/Vertical Markets

■ Health Care

■ Education

Technical Specifications

3rd Party Compliance	
UL Listed, File Number E140596, Standard UL498.	
Federal Specification WC596, Hospital Grade.	
CSA Certified, File Number LR16063, Standard CSA-C22.2 No. 42.	

Performance	
Electrical	
Dielectric Voltage	Withstands 2000V minimum
Maximum Working Voltage	250V
Current Interrupting	Certified for current interrupting at full-rated current
Temperature Rise	Max 30°C temperature rise at full-rated current after 50 cycles of overload at 150% of rated current with direct current
Mechanical	
Terminal Identification	Terminal Identification in accordance with UL498 (Brass, White, Green)
Terminal Accommodation	#14 AWG – #10 AWG copper conductor only
Product Identification	Ratings are a permanent part of the device
Environmental	
Flammability	UL94 V2
Operating Temperature	Maximum continuous +60°C, minimum -40° (without impact)

Materials			
Face	Nylon	Ground Screw	#8 Hex Tri-Drive Steel
Back Body	PVC	Assembly Drive Screw	Zinc-Plated Steel
Line Contacts	.032 688 Brass	Auto-Ground Clip	Steel
Mounting Strap	.042 Zinc-Plated Steel	Mounting Screws	Tri-Drive Steel
Ground Contacts	.040 260 Brass	Plate Mounting Slug	Brass
Pressure Plate	.080 Steel	Jumper Strap	Brass
Terminal Screws	#8 Tri-Drive Steel		

Warranty
1 Year

**Dimensions for
15 & 20 Amp**

**Dimensions for
20 Amp Single**
