FEATURES & SPECIFICATIONS

INTENDED USE — Our recessed LED module is the most economical means to create a well lit environment with exceptional energy efficiency and near zero maintenance. Great for retrofit into existing downlight cans or new construction and remodel applications. Adjustable friction clip allows fitment into many 3" to 4" cans. The LED module maintains at least 70% light output for 35,000 hours. Indoor and Outdoor Use.

CONSTRUCTION — Aluminum spun reflector with deep baffle or optional smooth configuration for reduced glare. Combined LED and driver printed circuit board attached. Inner reflector cone funnels light through the pressed-in diffused lens.

OPTICS — Diffused lens at end of mixing chamber to provide even light distribution for general illumination, equivalent to 65W BR30 Lamp.

Wide flood beam angle at > 45°.

ELECTRICAL — Center 2 Edge™ (patent pending) technology created for a single point source. Primary power disconnect provided for simple connection to a dedicated LED connector in the housing.

Dimming down to 10%. For compatible dimmers, refer to [Compatible Dimmers Chart](#).

E Series has an input wattage of 8W.

E Series' patent pending driver has zero inrush which allows power loads to be calculated with actual rated wattages.

Example: 66 units of 43BEMW LED fixtures can be installed with a 600-watt dimmer. 600W/9W = 66 fixtures can be installed in line.

INSTALLATION — Suitable for installation in standard height rough-in sections.

E26 socket adapter, GU10 adapter ships standard.

Adjustable friction clips ensure easy installation for most of 3" to 4" recessed housing.

LISTINGS — CSA certified to US and Canadian safety standards. ENERGY STAR® certified. Wet location listed. WSEC ASTM E283 for Air-Tight (with IC housings).

WARRANTY — 5-year limited warranty. Complete warranty terms located at www.acuitybrands.com/CustomerResources/Terms_and_conditions.aspx

NOTE: Actual performance may differ as a result of end-user environment and application. All values are design or typical values, measured under laboratory conditions at 25°C. Specifications subject to change without notice.

Specifications

Aperture: 2-7/8 (7.4)

Ceiling opening: Determined by rough-in

Overlap trim: 5-3/8 (13.7)

Height: 2-3/16 (5.6)

All dimensions are inches (centimeters) unless otherwise indicated.

ORDERING INFORMATION

All configurations of this product are considered "standard" and have short lead times.

Example: 43BEMW LED 27K
