

3/4" SDS ROTARY HAMMERS

TRIGGER SPEED CONTROL REVERSING

3/4" 0-1100 RPM

5366-6

INCLUDES STEEL CARRYING CASE, SIDE HANDLE AND DEPTH GAUGE

3/4" 0-1100 RPM

5368-6

INCLUDES STEEL CARRYING CASE, SIDE HANDLE AND DEPTH GAUGE

5369-1 (KIT)

KIT INCLUDES 5368-6, AND 5 SDS BITS

- **Slip Clutch** – When bit jams, the clutch slips – rotary action stops.
- **All Ball And Roller Bearings**
- **Depth Rod** – For drilling holes to preset depth.
- **Fully Adjustable Side Handle Rotates 360°**
- **Two Mode Operation**
Rotation with hammer or rotation only.
- **Powerful Electro-Pneumatic Hammer Action**
Tough enough for the most demanding applications.
- **Uses SDS Bits**
For easy bit changes without tools.
- **3-Wire Quik-Lok® Cord Sets 5366-6 And 5368-6**
Quick detachment from tool for tangle free carrying and storage. Instant field repair.

PREMIUM SDS SHANK CARBIDE TIPPED BITS

- **Up to 25% Faster Drilling**
- **Easier Centering**
- **More Strength – Longer Life**
- **More Durable in Re-bar and Mesh**
- **For Concrete, Masonry, Brick, and Block**
- **Less Vibration**

TIP — AGGRESSIVE NEW GEOMETRY

- Centering point - allows more accurate starting of holes
- Unique edge design - Allows cutting mesh and small diameter re-bar with less likelihood of tip breakage
- Unique face design - directs concrete dust into the flute's pick up area quickly for faster drilling.
- Chisel design - a distinctive chisel shape can be seen. It efficiently penetrates concrete, which also improves drilling speed.

FLUTES — MORE RIGID - BETTER DUST EXTRACTING

Multi-fluted Spiral Execution

- Four fluted spiral removes concrete dust faster.
- Shaft strength is improved for less bending / breakage
- Drilling is smoother due to less vibration
- More energy of the hammer blow is transmitted to the tip to improve drilling speed

*** 5-PIECE 44 MAGNUM BIT SET**

48-20-7490

Set includes 1 each of the following bits:
48-20-7410 (3/16 x 2 x 4), 48-20-7431 (1/4 x 4 x 6), 48-20-7441 (5/16 x 4 x 6), 48-20-7451 (3/8 x 4 x 6), 48-20-7471 (1/2 x 4 x 6).
