

Optional Chassis Mounting Bracket Kit (IC690PAC001)

The power supplies come equipped with pre-mounted 35 mm DIN-rail brackets. An optional chassis mounting bracket kit is available that fits both power supplies. The kit consists of two L-brackets and screws for mounting the brackets to the power supply. The brackets bolt to the top and bottom sides of the power supply. The catalog number of the kit and mounting dimensions are included in the following table.
