## PRODUCT DESCRIPTION

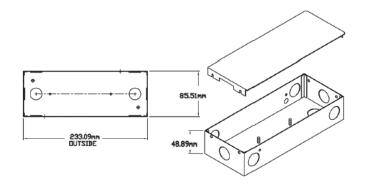

AC input / full range electronic power supply that features short circuit, overload, and over voltage protection. 12VDC output 120VAC input 85%+ typical efficiency. ELV dimmable, power supplies can be fully loaded.

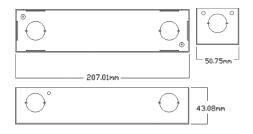

## PRODUCT SPECIFICATIONS

Construction: Full metal enclosure. No external fusing required. High operating temperature up to 90°C (158°F). Maximum case temperature. Plug in unit has plastic housing and on/off rocker switch, 60" cord and 3 prong plugin. Plug in unit is also dimmable.

Electrical: Output voltage 24VDC, overload protection. Overload recovers automatically after fault condition is removed. Has 4" hardwire leads inside, 6 knockouts, and screw mounted enclosure cover.

Label: cRUus listed. meets UL 2108 requirements Not rated for outdoor use. Dry location only
