Auditorium and Conference Rooms

Large healthcare facilities include auditoriums and conference rooms where medical seminars, continuing education and meetings are held. To better facilitate these meetings, auditoriums and conference rooms must also accommodate the latest AV technology that include display devices, sound systems, video conferencing and more.

SystemOne Cover Finishes

SystemOne Recessed FRPT is available in five architectural finishes of brushed brass plated, satin nickel plated, bronze plated finish, brushed aluminum and black powder coat
The cast aluminum covers feature a low profile design with a thickness of 0.150" which meets ADA requirements.

Hubbell SystemOne Six and Eight Inch Recessed Fire-Rated Poke-Throughs

- Recessed connections
- Flush, durable low profile cover in brushed brass plated, satin nickel plated, oil rubbed bronze plated, brushed aluminum and black powder coat
