TWO-DOOR WITH FLOOR STANDS, TYPE 4

INDUSTRY STANDARDS

UL 508A Listed; Type 4, 12; File No. E61997
cUL Listed per CSA C22.2 No. 94; Type 4, 12; File No. E61997

NEMA/EEMAC Type 3, Type 4, 12, 13
CSA, File No. LR42186, Type 4, 12
IEC 60529, IP66

APPLICATION

The Type 4 rating and polyester powder coating make these enclosures ideal for outdoor environments or food processing applications where it is necessary to protect controls and instrumentation from wet, non-corrosive environments. Featuring a continuous hinge with clamps, the enclosures are supported by floor stands that provide additional height and access for cleaning under the enclosure. Equipment can be mounted on either panels or racks.

SPECIFICATIONS

- 12 gauge steel
- Seams continuously welded and ground smooth; no holes or knockouts
- Body stiffeners for added strength
- Removable centerpost permits easy panel installation
- Panel supports
- Return flange around three sides of door and along top of enclosure opening channels away liquids and contaminants
- Stainless steel door clamps on three sides of each door assure water-tight seal
- Heavy gauge continuous hinge with stainless steel hinge pin
- Hasp and staple for padlock
- Data pocket is high-impact thermoplastic
- 12-in. floor stands welded to enclosure
- Heavy-duty lifting eyes
- Oil-resistant door gasket
- Collar studs provided for mounting optional panels
- Grounding stud on body
- Bonding provision on door
- Provision for mounting fluorescent light

FINISH

ANSI 61 gray polyester powder paint inside and out over pretreated surfaces. Optional panels have white or conductive finish.
