

Guy Hooks

Guy Hooks

34GH made of ductile iron for use with 5/8" or 3/4" bolt. **May be used for down guying attachment. The Guy strand loop may be made on the ground to simplify installation.** The suffix "C" signifies less spurs (for concrete poles).

Cat. No.	Size of Length	Bolt Hole	Std.Pkg.	Wt.-lbs./ C
34GH	6"	13/16	25	118
34GHC (No Spurs)	6"	13/16	25	118
2GH	1.1/2 x 3/8 x 4" 1g	11/16	50	90
13GH		11/16	25	100
Guy Hook Combination -Used with strand or fiberglass strain Insulators				
234GH 234GHC	6" As Above less spurs -Used on concrete poles	13/16	25	130
