

700mA CONSTANT CURRENT 3W LED ACCENT / TASK HP PUCK LIGHTING

Perfect for home and office. GM Lighting's 3W LED Accent / Task Puck is the energy saving, efficient and long lasting alternative to traditional puck lighting.

At 3W, 3500K warm white color temperature, this high power LED accent/task lighting puck features a prismatic glass lens that delivers even light distribution. Pucks can be surface or recessed mounted.

LP-3-BNK

- 700mA constant current ▪ Multiple pucks wired in series
- Prismatic glass lens provides even light distribution
- Hardwire or plug-in ▪ 3500K warm white
- Metal housing ▪ Non-dimmable

Catalog No.	LED	Description	Wattage	Lumens per Puck	Mounting	Finish	LED Life
LP-3-W	High Power LED		3W	113		White	50,000 hrs.
LP-3-B	High Power LED	Individual Puck	3W	113	Surface or Recessed	Black	50,000 hrs.
LP-3-BZ	High Power LED	w/ 48" stripped wire leads	3W	113		Bronze	50,000 hrs.
LP-3-BNK	High Power LED		3W	113		Brushed Nickel	50,000 hrs.
LTPK-9-W	High Power LED	3 - Puck Kit	3 x 3W	113		White	50,000 hrs.
LTPK-9-B	High Power LED	w/ Switched Cord & Plug	3 x 3W	113	Surface or Recessed	Black	50,000 hrs.
LTPK-9-BZ	High Power LED	& Power Supply	3 x 3W	113		Bronze	50,000 hrs.
LTPK-9-BNK	High Power LED		3 x 3W	113		Brushed Nickel	50,000 hrs.

LPCC-18 power supply is required for LP-3 pucks. Kelvin temperature \pm 200. LP-3 Series LED puck lights are wired in series only, not parallel. LTPK-9, 3 light LED puck kits are to be installed complete. Pucks cannot be added or subtracted from the LTPK-9, 3 light LED puck kits. These kits cannot be altered.

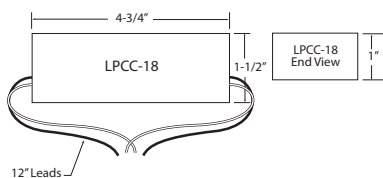

Constant Current Power Supply and Accessories

LPCC-18 Constant current hardwire LED puck power supply. Will operate 2 (min.) to 6 (max.) LED pucks wired in series.

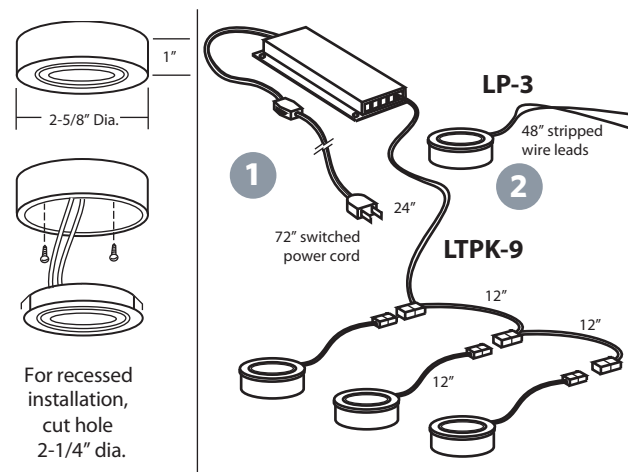

LPX-12 12" LED puck extension

LPX-24 24" LED puck extension

Note: LPX LED puck extensions are for use with LTPK-9, 3 light LED puck kits only.

LP-3 and LTPK-9 Product Dimensions and Configurations

Key to LP-3 and LTPK-9 Diagrams (above right): **1.** LTPK-9, 3 light kit with switched cord & plug & power supply.

2. LP-3 individual pucks come with 48" leads. LP-3 series pucks are used with LPCC-18 constant current power supply only.
