VISION. PERFORMANCE. SERVICE.

CANADIAN BIT KIT

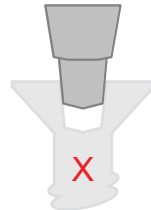

Featuring the best selling bits in the electrical industry!

The Original Robertson Fastening System

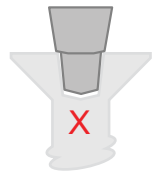

ROBERTSON® "CLING FIT"

ROBERTSON® Bits and Screws provide maximum recess penetration and "Cling Fit".

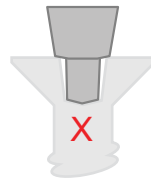

RECESS TOO NARROW

When the recess is too narrow, the driver does not penetrate deep enough into the recess.

RECESS TOO LARGE

When the recess is too large, the driver will wobble and cam out.

INCORRECT RECESS ANGLE

When the recess or bit is at an incorrect angle, the driver will wobble excessively.

ORIGINAL ROBERTSON® TWO PIECE ¼ HEX BITS

Patented Colour Coded Bits
Colour coded for easy bit identification
