Comments about M18™ Cordless LITHIUM-ION System M18™ Cordless LITHIUM-ION 4-Tool Combo Kit:

The impact driver is great... It's small, powerful and reliable. The sawzall has done lots of work, not sure what problem anyone else has, it's light enough and compared to other cordless is good. The drill is the best. I could take it or leave it for the light.

BOTTOM LINE Yes, I would recommend this to a friend

Comments about M18™ Cordless LITHIUM-ION System M18™ Cordless LITHIUM-ION 4-Tool Combo Kit:

I've dealt with everything but Milwaukee. I recently bought 4pc combo. No regrets. Great tool design, I do wish they were lighter. Other than that best money I've spent.

BOTTOM LINE Yes, I would recommend this to a friend

Comments about M18™ Cordless LITHIUM-ION System M18™ Cordless LITHIUM-ION 4-Tool Combo Kit:

Use 1/2" Hammer Drill for just about everything, Of course your screwing/drilling app's. But so much more in 5gal bucket I mix Mortar, Concrete, even Fire Crete with ease using standard mixing paddle. Throw on a grind stone, wire head, and prepping welds couldn't be easier. The power this thing puts out has yet to meet its match. Popping it into second gives me all the speed I need. The torque is amazing! Can't tell you how many times its bailed me out! Just a well crafted tool. I do have to send mine out for service so I'll let you know how that goes. Think I got something caught in the jaws of the chuck. But I sure don't mind giving the reliability its given me.

BOTTOM LINE Yes, I would recommend this to a friend
