## Uraseal Splice Kits

Absolute Protection for Any Splice in a Wet or Damp Environment

### Permanent Splice Protection

#### Cully No. ES137S

Smaller butt and branch splice applications

#### Cully No. ES200S

Butt and branch splice applications

#### Cully No. ES200SV

Perfect for small hard-to-reach areas. The closure snaps into place over the splice. Can be used for butt, branch or through splice applications.

#### Cully No. ES1150

For a range of cable sizes from 8 - 4/O and 250 mcm single service conductors.

Larger size available; contact Customer Service for details.

Fix any broken cable using Uraseal's Shake N' Seal splice protection system. Developed specifically for the electrical market, this new splicing system provides a permanent seal that is 100% water tight.
