FreezGard crankcase heater

| Catalog # | Voltage | Preassembled Length (ft) |
|-----------|---------|--------------------------|
| CCH-1C | 120 | 4 |
| CCH-2C | 240 | 4 |

^{*}TruckPak consists of a 100-foot cable reel, two power connections, one splice/tee kit, one roll of application tape, and 10 "Electric Traced" lahels

Note: Use only in ordinary (nonhazardous) areas. Do not expose to any chemicals. In wet areas, use only WinterGard Wet or Gardian.

WARNING: Fire Hazard.

To minimize the danger of fire from sustained electrical arcing if the heating cable is damaged or improperly installed, and to comply with the requirements of Pentair Thermal Management, agency certifications, and national electrical codes, ground-fault equipment protection must be used on each heating cable branch circuit. Arcing may not be stopped by conventional circuit protection.

Note: This application guide does not take the place of the installation instructions. Carefully follow the installation instructions included in the Raychem accessory kits. Pipes are shown without insulation for illustrative purposes only.

ACCESSORIES

| Catalog number | Description | Use |
|----------------|--|---|
| H900 | Power Connection Kit (hardwired) | A hardwired power connection and end seal for one heating cable circuit. (Does not include junction box.) |
| H903 | Fiberglass Ap- plication Tape | To attach heating cable to the pipe. Includes 1 roll (66 ft) of tape and 10 warning labels. |
| H908 | 120-V Plug-in Power Connec- tion Kit | A plug-in 120-V, 15-A power connection with built-in ground-fault equipment protection (GFEP) and end seal for one heating cable circuit. |
| H910 | Splice and Tee Kit | Provides material for one splice or one tee and one end seal. |
| H912 | Gel-filled End Seal | Two end seals for sealing the ends of heating cables. |
| H913 | Roof Clips | Clips to attach WinterGard Wet or Gardian heating cable to the roof surface. Kit contains 10 clips for approximately 7 linear feet of roof edge. |
| Н914 | Roof Clips (Bulk Pack) | Clips to attach WinterGard Wet or Gardian heating cable to the roof surface. Bulk pack kit contains 50 clips for approximately 35 linear feet of roof edge. |
| H915 | Downspout Hanger | Protects one WinterGard Wet or Gardian heating cable from damage caused by sharp edges in gutter and downspout applications. Also provides strain relief. Kit contains one downspout hanger bracket. |
| H921 | 120-V Ground- fault Protected Junction Box | Outdoor-rated junction box with built-in ground- fault protection for hardwire connection of all 120-V, 20-A Raychem cut-to-length heating cables. H900 Power Connection Kit must be used with the H921 Junction Box. |

Important: Use only these Raychem accessories with Raychem heating cables.

Thermostats and Controllers

| AMC-F5 | Fixed Set Point Thermostat | Thermostat with fixed non- adjustable set point of 40°F. Can be used in an ambient-sensing or line-sensing mode. |
|--------|--|---|
| RM-3 | Snow Controller | 120-V automatic snow controller detects precipitation and low temperature. |
| RM-4 | Snow Controller with Built-in GFEP | 208–240 V automatic snow controller detects precipitation and low temperature. Includes ground-fault equipment protection (GFEP). |
