# LINKABLE T5 FLUORESCENT

## Intended Use
For use where accent or task lighting is needed. Ideal for cabinet lighting in kitchens, offices and bookcases.

## Construction
Slim-profile design with on/off switch. Rugged powder-coated steel hous-

ing. Acrylic diffuser provides soft, widespread illumination with zip-lock design for easy maintenance and superior retention. Available in white or bronze finish.

Plug-in: No wiring required; fixture-to-outlet connector included with each fixture.

Direct wire: Top or back-side flush knockouts provided. Pre-installed, poke-home connectors eliminate the need for wire nuts.

13" connector cord with safety lock included with fixture for linking additional fixtures together.

# LINKABLE ACCESSORIES

## Intended Use
Splice box: Allows for quick and easy direct wiring. Features snap-on cover, pre-installed poke-home wire connectors and mounting hardware.

24" cord connector: Linkable cabinet lights come standard with a 13" connector cord. A 24" connector cord is avail-

able for longer-length connections between fixtures.

Row connector: Row connectors allow continuous connections with minimal (1/8") spacing between fixtures. Side-by-side connections reduce shadow between fixtures for uninterrupted light across countertops or work areas.

Cord cover: 18" white cord cover keeps fixture-to-fixture connector cords and cord-and-plugs hidden.

Self-adhesive strip on upper side of cover adheres to most surfaces. Cord cover can be cut to accommodate shorter distances between fixtures.
