

Intended Use

For applications that require medium illumination levels and narrow construction. Suitable for general or task lighting.

Listings – UL Listed (standard). CSA Certified or NOM Certified (see options).

For product details and performance data, see the FLUORESCENT binder or the on-line catalog at www.lithonia.com.

Features

- Slim channel for easy handling in unit or row, ceiling or wall-mount applications.
- High-gloss, baked enamel finish.
- Combination end plate/channel connector furnished.
- Wide variety of T5 twin-tube compact fluorescent (CF) lamp types available.
- White or specular reflectors available.
- Channel cover retained by quarter-turn fastener.

Example: **S 1 40 120 ES**

Avante®

Surface/Suspended Mount

NEW

Direct/Indirect Lighting

Intended Use

For general area lighting or task-specific illumination in both new construction and remodeling applications. Use in conference rooms, reception areas, education facilities and general offices.

Features

Contemporary, low-profile construction, suitable for surface and suspended mounting, providing direct or semi-direct light distribution.

Rugged steel housing in 2', 4' or 8' field-joinable units for continuous rows.

Injection molded joiners with snap-on finished ends.

Available with popular Avante 1x4 shieldings - MDR, MDM and SBL.

Reflectors finished with high-reflectance, matte-white polyester powder paint for uniform light distribution.

Reflector option includes steel reflectors with or without semi-perforated option or diffuse Aluminum Stepped Reflector.

T5HO or T8 lamping configurations available.

UL Listed (standard). CSA Certified or NOM Certified (see options).

For product details and performance data, see FLUORESCENT binder or the on-line catalog at www.lithonia.com.

Troffer Options

Listed below are the major electrical wiring and other options available for Lithonia Lighting static, heat-removal and air-handling troffers. The matrix shows the availability of each option within specific troffer families.

Certain combinations of options are incompatible in the same fixture. Consult factory for details.

- Option available on **all models**.
- Option available on **most models**; consult factory for exceptions.

NOTES:
 1 Consult factory for availability.
 2 Addition of emergency battery pack options may increase overall fixture depth. Consult factory.
 3 **TPS**=one tamperproof screw per latch, **TP6**=6 tamperproof screws (3 on latch side, 3 on hinge side). Available on aluminum doors only for SP AIR.
 4 Integral T-bar safety clips are standard for most models of GT8, GT, 2GT, 2GTX, SP8, SP, SP X and 2PM3N fixture families. Also available on 1x4 PM3, PM0 and HPM3 fixtures. Consult factory for specific exceptions.
 5 Not available on 3x3 models.
 6 Palletized and stretch-wrapped without individual cartons. Available for **G** (grid) and **MT** (modular) trims only.
