

The Long life PAR series lasts approximately 4 years¹, which is twice as long as traditional halogen lamps. Reducing lamp replacement frequency and therefore minimizing relamping costs.

This series can easily be adapted to many decors, whether residential or commercial. Long Life PAR lamps provide a crisp white light for which halogen lamps are known and appreciated.

Order code	Description	Watts (W)	Base	Volts (V)	Reflector Finish	Average life (hours)	Initial lumens (lm)	Operating burn position	Beam angle (°C)	Beam spread	CBCP (cd)	Incan. equivalent (W)	Case qty
PAR20													
MOL : 3 1/2 in. (79 mm) Dia. : 2 1/2 in. (63 mm)													
63790	H42/PAR20/HIR/NFL/120V/STD	42	E26	120	Aluminum	4 000	700	Universal	30	Narrow Flood	400	50	15
