## Features

### Body

Constructed of die cast aluminum which provides superior strength and rigidity. Softened edges adds up to the low profile aesthetic design.

### Compatibility

Liteline track fixtures are compatible with Juno®, Halo®, Lightolier® and most brands configured to Halo® track system design.

### Lamping

Porcelain socket for 120V PAR lamps, 150 watts max. A high temperature glass shield is included, mounted to front of lamp fixture.

### Labels

- cULus listed.

### Adjustability

Fixture provides vertical rotation of 180° and horizontal rotation of 358°; providing a wide range of light source aiming possibilities.

### Dimming

The track fixture is dimmable when used with electronic line voltage rated dimming controls only. 120V / 60Hz input; 120V output; 150W maximum load.

## Description

The UNIVERSAL is a line voltage aluminum cylinder fixture for PAR light source. UNIVERSAL is a front loading track fixture which provides directional light source for special aiming and assures secure lock on angle position.

### Connector Compatibility Chart

**Notes:** Accessories should be ordered separately. For additional options please consult your Liteline representative. Juno is a registered trademark of Juno Lighting Group. Halo is a registered trademark of Cooper Lighting. Lightolier is a registered trademark of Philips. Due to our continued efforts to improve our products, product specifications are subject to change without notice.
