

## LED Step Light

DazzLED step and wall lights are designed for used in outdoor architectural, residential and commercial applications. The perfect choice for hallways, pathways, along walls, front steps, and staircases, all the safety and security you expect in low-level lighting applications with an advanced sense of style.

With an incorporated driver, these IP67, 120V fixtures are offered with state of the art LED technology that provide exceptional energy savings and greatly reduces maintenance costs.

Whether your application is high performance or high traffic, the outdoor step lights delivers maximum durability and functionality to meet your exact requirements and are backed by our 3 year warranty.

Available in a variety of styles and wattages, these fixtures can be installed in cement, brick or wood, horizontal or vertical, and will mount directly in to standard electrical boxes. Face plates are available in round or square in Black, Flat White or Brushed Nickel colours.
