

lyriQ™ Audio Kits

You can now conveniently order everything you need to install a basic lyriQ Audio System under one part number! Our expanded offering of lyriQ Audio Kits now come in 2- and 4-Zone packages with your choice of white or light almond keypad volume controls and local source input. We've even added Multi-Source Audio Kits to complement the launch of our new multi-source system.

FEATURES

- More options to cover a variety of audio needs
- Now available with white or light almond keypads
- System components packaged under one part number
- Easy ordering and inventory management
