

Residential Network Wiring

TradeMaster® Keystone Wall Plates & Decorator Frames

Smooth, polished look fits any décor and matches wiring device wall plates. Ideal for any residential installation where appearance is especially important. And a perfect match for P&S keystone jacks.

Better coverage, with an extra 3/16" more width and height than standard plates to reduce time-consuming drywall rework.

Flexible modular design accepts any combination of P&S keystone jack modules for fast, easy configurations.

Virtually unbreakable construction features patent-pending reinforcing ribs for enhanced rigidity.
