LED UNDERCABINET SERIES

EUM-LED LINK BAR SERIES
- Great Performance • Slim Profile •

The Ultra efficient, maintenance free, LED Link luminaire is slim and beautifully contoured in a low-profile housing, with an anodized aluminum finish. Elite Lighting's LED Link luminaires feature high-output LEDs in 3000, 4100 and 5000 degrees Kelvin color temperatures. With up to 55 lumens-per-watt and 187 lumens-per-foot, it is one of the most energy saving products in the lighting industry. Its rated life of 50,000-hours equals over 10 years of maintenance free operation when operating 12 hours per day. It consumes less than one-eighth the energy of halogen and xenon lighting.
This high output LED technology has no forward projected heat or harmful UV rays. It is California Title 24 compliant. It offers a combination of connector cables and mounting brackets that install at different angles, thus, it provides the highest level of contractor friendly installations.
