-6 : Carton of 6

Features

Mounting Frame : .036" galvanized steel. Accommodates all ceilings up to 1" thick. Four slots are positioned 90º apart to simplify alignment. Large break-out section permits installation in existing ceilings from below. (except R501-6)

Rotoclips : Easy reflector trim installation. Push-in / twist-out Rotoclips hold reflector flush to ceiling.

Mounting Bars: (4) 18 ga. galvanized steel. 13" long bars extend to 27" , rotatable and lockable, integral t-bar tabs. Spike detail eliminates the need of additional nailing. Attaches to wood joist or T-bar without need of accessories.

Snap-on Socket Cup : .030" galvanized steel. Easy snap-on to reflector Trim. Acts as a temporary work light during construction.

Socket : Porcelain medium base; nickel plated screw shell. Pre-wired with #18 ga. SEW leads to junction box.

Junction Box : 4"x 3"x 2" 18 ga. galvanized steel . CSA certified for maximum of 8 No. 12 ga. 90º C through branch circuit conductors. Pry-out knock-outs accept BX cable or Loomex wires. Easy access from both sides with snap-on covers.

Thermal Protector : Meets CSA requirements. Insulation, if used, must be kept 3" away from luminaire sides and junction box.

Accessories

Thermal Protector Replacement : 1970
For all Incandescent Non-IC Frame-in-Kits.

Mounting Bars Extenders : 1964
20" long (set of 2)
