

Receptacles

Decorator standard grade receptacles

Product description

2-pole, 3-wire grounding 15A & 20A, 125V/AC

5-20R 5-15R

TR1107-9

1107

Design features

- Tamper resistant receptacles provide compliance with 2014 NEC® Article 406.12 which states that all 15A and 20A, 125V/AC receptacles installed in dwelling units must be tamper resistant
- · Longer, wider strap provides 40% more contact area to wall board, virtually eliminating floating installations
- Patented built-in wire stripper for #14 and #12 AWG wire to speed installation
- · Patented built-in wire looper for pre-looping
- High impact-resistant thermoplastic face and back body eliminates breakage

- · Double-wipe ground contacts ensure long-term ground retention
- · Easy access split circuit break-off tab
- Tri-combo screws accept Slotted-, Phillips, and Robertson-head tools for installation flexibility
- · Terminal screws backed out and ready for wiring
- Side wire terminals accept up to #10 AWG solid wire
- Push-in terminals accept #14 AWG solid wire
