49W (5046 lumens)

Approvals:
 cULus listed
 Suitable for outdoor use.
Powered by CREE LED

DESCRIPTION

The YDD-L is an energy efficient dusk to dawn yard light. It is a versatile and economic light source that is good on the environment and uses long life LED's. The YDD-L comes standard with a photocell which helps to provide significant power savings.

It includes an installation bracket for pole mounting and an optional 21" arm for ease and versatility of installation.

All units include 5 feet of cable to facilitate the connection to the junction box when mounting with the pole arm.
