3M™ Cable Bases and Stackers

3M™ Cable Stackers

3M™ Cable Stackers organize cable runs and aid in identification, putting an end to tangled wires and the potential heating that could occur when cables are held together tightly under a single fastener. Easy installation simplifies compliance with the spacing requirements of the National Electrical Code, article 300-4-(d) and the Canadian Electric Code Part I, Section 12-516. Made from reclaimed plastic.
