

Twist & Mount Patch Panels 12-Port and 24-Port Configurations

APPLICATION

Twist & Mount Patch Panels are designed for use in any Leviton Structured Media® enclosure to support a variety of telephone and data distribution needs. These panels hold patching modules, which allow 12 or 24 ports of patching capability to Cat 5e or Cat 6 cabling. The Cat 5e ports meet the requirements of high-speed data applications, and the Cat 6 ports are designed for use in high megabit applications such as Gigabit Ethernet.

Part No. 476TM-624

SPECIFICATION

The Twist & Mount Patch Panels shall meet all applicable standards: cULus Listed; ANSI/TIA-568-C.2, and ANSI/TIA-1096-A compliant. Units shall include a black plastic mounting bracket and patching modules, which allow 12 or 24 ports of patching capability to Cat 5e or Cat 6 cabling. Panels shall have universal T568A and T568B wiring cards for terminations. The bracket shall be made of fire-retardant ABS plastic, with a UL flammability rating of 94V-0 and shall have four category rating labels. The panel shall be offered in six configurations according to 12-port or 24-port applications. The 12-port configurations shall consist of 12 ports of Cat 5e, 12 ports of Cat 6, or a combination of 6 ports each of Cat 5e and Cat 6. The 24-port configurations shall consist of 24 ports of Cat 5e, 24 ports of Cat 6, or a combination of 12 ports each of Cat 5e and Cat 6. Panels shall fit into any Leviton Structured Media enclosure.

Page 1 of 2

FEATURES

- Commercial-grade telephone and data patching
- Component-rated Cat 5e and Cat 6 ports
- Connectors include Leviton patented Retention Force Technology®
- Compact design
- Meets ANSI/TIA-570-B bend radius requirements
- Universal T568A and T568B wiring labels
- IDC termination with Universal 568A and 568B wiring cards

DESIGN CONSIDERATIONS

- Includes port designation strips
- Fits easily into any Leviton Structured Media enclosure
- Black plastic mounting bracket
- Includes plastic punch-down tool
- Future expansion on 12-port panels with expansion boards

STANDARDS COMPLIANCE

- Meets all applicable standards and listings
- Cat 6 components meet or exceed the Category 6/Class E requirements for channel/component level performance per ANSI/TIA-568-C.2 and ISO/IEC 11801 Class D (Cat 5e) and Class E (Cat 6)
- Cat 5e components meet or exceed all ANSI/TIA-568-C.2 for Category 5e requirements
- cULus Listed
- ANSI/TIA-1096-A
- RoHS compliant

COUNTRY OF ORIGIN

USA

PHYSICAL SPECIFICATIONS

Dimensions: See page two

Materials: 18-gauge, white powder-coated steel
