Rotating
Cap

The **Electronics Screwdrivers** with rotating caps and Klein's exclusive cushion-grip handles offer outstanding comfort in the palm of the hand and precise finger control for turning blades in tight spaces. Klein Electronics Screwdrivers are made of the highest quality tempered steel, carefully heat-treated for maximum strength, and precision ground to fit screw openings securely.

- Klein cushion-grip handle for maximum comfort when working on small equipment.
- Rotating cap for optimum and precise control.
- Color coded rings and hot stamped cap marking for quick identification.
- Professional custom carrying case included in set.
- Screwdrivers sold individually and in set (Cat. No. 85614).
