

Less than one hour. From initial pour to installation.

Presenting the **SC4-KIT-1**
Liquid Sealing Compound
for STX[®], STEX[®] and HLT
Integral-Seal Cable Fittings.

Thomas & Betts' new **SC4-KIT-1** liquid sealing compound is a two-part, self-leveling liquid epoxy compound for use with shielded cables and power cables. The **SC4-KIT-1** replaces the previous SC4-KIT sealing compound.

- Superior hardening characteristics – installation within one hour of initial pour
- Field-customizable, tapered nozzle – easy, precise pour with less waste
- User-friendly, 60-second mixing
- Flows to fill all conductor interstices ensuring a safe and complete seal
- For use with Star Teck XP[®] and Star Teck Extreme XP[®] teck cable fittings, and HLT tray cable fittings
- RoHS and REACH compliant

Return to service – less than one hour

Superior hardening and fill characteristics

RoHS and REACH compliant

Thomas & Betts. Your best connection for innovative solutions.

SC4-KIT-1 Sealing Compound Kit

Kit is supplied in a metallized pack complete with damming fiber to prevent conductor interstice leakage.

An all-in-one pouch and a field-customizable, easy-pour nozzle are inside the metallized pack.

Follow the mixing instructions on the metallized pack, install and trim the nozzle to adjust sealant flow.

Finally, fill the sealing chamber while manipulating the de-energized conductors to encourage sealant flow.

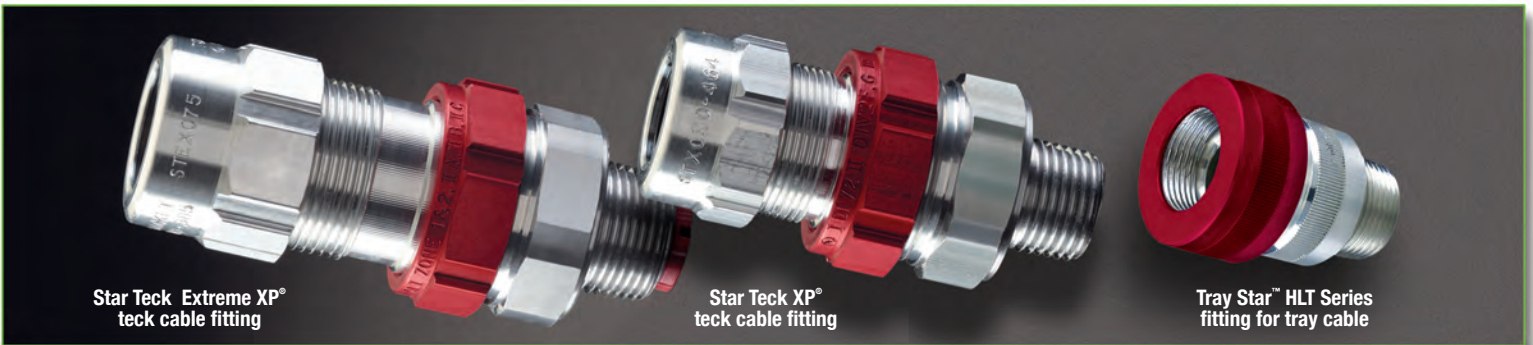

Please refer to instruction sheet provided with fittings for detailed installation instructions.

**Superior
cable sealing
for hazardous
locations.**

RoHS and REACH compliant

Easy to mix and apply with a quick return to service, **SC4-KIT-1** ensures a safe and complete seal and is the only liquid sealant certified for use with **Star Teck XP[®]**, **Star Teck Extreme XP[®]** and **Tray Star[™] HLT Series** fittings.

Tray Star[™] HLT Series fitting for tray cable

SC4-KIT-1 Sealing Compound Kit

CAT. NO.	DESCRIPTION	VOLUME	PACKAGING
SC4-KIT-1	Liquid type sealing compound (includes pouch of sealing compound with customizable nozzle and damming fiber)	50 cc	5 per pack

Use SC4-Kit-1 liquid compound for shielded cables and all power cables. For power cables with less than 4 conductors (including ground), SC65 putty-type sealant can be used.

N.B.: SC4-KIT and SC4-KIT-1 are not compatible products. Do not mix.
