

## BE1 Series

### 100 A 600 V; King Size

#### Product Specifications

- Conductor range: 6-1/0 AWG
- Aluminum tunnel type connectors for both load and line sides
- For overhead, underground and combination overhead/underground
- Supplied with screw type ring
- Weatherproof Type 3R enclosure
- **Primarily used in all provinces, except British Columbia**

Note: Supply from an underground network often requires use of stud type connector. Consult your local utility.
