

# TradeMaster® Tamper- Resistant Outlet Branch Circuit AFCI Receptacle, Ivory

AF15TRI

Pass & Seymour Arc Fault Circuit Interrupter (AFCI) Receptacles are the latest innovation in electrical safety and a code-approved alternative to AFCI breakers. AFCI Receptacles protect against electrical fires by detecting arc faults and de-energizing the circuit.

## features & benefits

- **Feed-through protection**
- **Two back-wire holes per termination** add wiring flexibility, eliminate pigtail and save box space.
- **Ground terminal back-wire** for faster installation.
- **Auto-ground clip** assures positive ground to metal box
- **Tamper-Resistant** automatic shutter system prevents children from inserting objects such as hairpins or keys.
- **High-impact-resistant thermoplastic construction** for superior strength and durability.

## specifications

### General Info
