### Features

#### Construction

Constructed from rigid steel for optimal strength.

- P-4020
- P-4020S
- P-6020
- P-6020S
- P-8020

#### Hanger Bars

With a maximum extension of 25", these hanger bars allow excess distance between joists. Pre-mounting plate (sold separately) can be positioned at any point along the joist span. Score lines on the hanger bars allows for toolless shortening for 12" joists. Integral T-bar clips easily snap onto T-bars.

#### Brackets

L-shaped steel brackets includes mounting tracks to secure the hanger bars while allowing easy positioning of the attached plate along any point on the hanger bars. Secures to plate using included screws.

#### Compatible Pre-Mounting Plates

- P-2810

### Description

The P-NCMK-1 is a hanger bar kit, used in conjunction with selected standalone new construction mounting plates to mount on to joists. Includes hanger bars, brackets and screws.

**Notes:** Due to our continued efforts to improve our products, product specifications are subject to change without notice.
