- Double-slotted stripper for 22/24 gauge wire insulation
- Round cable stripper for a variety of flexible round cable
- Coax cable strippers with two or three levels
- Combo stripper for multiple wire types and applications

Overview

Fluke Networks offers a variety of cable stripper and cutters for coaxial cables, UTP/STP telephone and data cables and other flexible cables. Telephone installers use the double-slotted cable stripper for 22/24 AWG wire installation. Use our coax cable stripper to perform 2-level and 3-level stripping of RG58/59 coaxial cables.

Our cable stripper's adjustable blade depth to "score" without damaging shielding and conductors. And, our combo stripper is a highly versatile tool that quickly cuts and rings Teflon, smoothly slits fiber, copper, electric and coaxial cables, and rings 25-100 pair cable without nicking the conductor.
