 $\mathsf{Flexilight}^\mathsf{TM}$  - the Culture of Rope Light

#### Wide Loyal Development Limited

Suite 160 - 13160 Vanier Place Richmond BC, V6V 2J2, Canada Tel: 1-888-303-0931

Fax: 1-888-303-0932 www.wideloyal.com

#### Wide Loyal - Your Confident Choice

- The only rope light manufacturer awarded the honor of China Top Brand by the Chinese government
- The first ISO 9000 certified rope light manufacturer with 100% quality control of every part of the products
- Proud supplier of Sydney Olympic Games 2000, Beijing Olympic Games 2008 and other significant events all over the world
- Setting trends and leading technologies in the industry since 1980's

#### Flexilight - Your Brilliant Choice

- The brightest rope light in the world up to 40% brighter than the next leading brand on the market
- Widest range of rope lighting products over 20 models in both LED and incandescent versions, 25 PVC tube colors, 9 LED bulb colors and 7 filament bulb colors
- Meeting safety standards on almost every continent of the world: UL, CSA, SAA, JET, LCIE, etc.

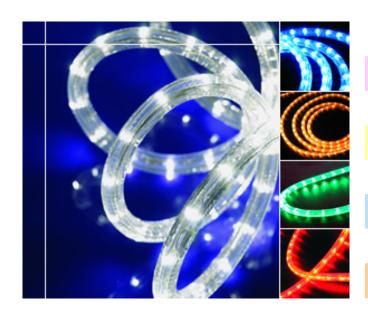

### Long-lasting

Up to 100,000 hours

**E**nergy-saving

Less than 1 watt per foot

**D**urable

LED instead of fragile bulbs

Ultra-bright

Up to 80 lumens per foot

Shape	Thickness	Bulb Spacing	No. of Wires	Colors Available

LED Instant Flexilight is the most popular rope light using next-generation LED technologies. It's the easiest way to provide a long-lasting and cost-effective lighting solution. Available in both vertical and horizontal bulb insertion versions, LED Instant Flexilight suits every application of yours, whatever your taste or mood is.

<sup>\*\*\*</sup> Almost all our traditional incandescent Flexilight models can be made with LED. Please call us for more details on all the varieties of LED Flexilight.

L	Purple

#### Commonly Used Accessories & Controllers:

Name	Function
Power Cord & Connector	For connecting Flexilight to the power source
Splice Connector	Traditional screw-on type plastic connector between 2 pieces of Flexilight
PVC Connector	Convenient weatherproof connection between 2 pieces of Flexilight, used with silicon glue
Power Cord with PVC Connector	For making a convenient weatherproof power connection
Power Cord with Switch	A power cord with an on/off switch
Easy Splice Connector	For connecting 2 pieces of Flexilight in a less visible way, often used with a shrinkable tube
Heat Shrink Tube	For sealing open connection between 2 pieces of Flexilight, used with an Easy Splice Connector
End Cap	A clear plastic cap to terminate and insulate an open end of Flexilight
Mounting Clip	Nailed/glued on various types of surface, allowing Flexilight to be easily snapped in (indoor)
U-Channel	Nailed/glued on various types of surface, holding Flexilight in a straight line (length: 3ft)
Tie Strap	For fixing Flexilight on a grid, a rope or a frame
Suction Cup	Used with Tie Strap, for fixing Flexilight on a smooth and flat surface
T-Connector	Traditional screw-on type plastic connector for joining 3 pieces of Flexilight into a T-shape
PVC T-Connector	A T-Connector made of clear PVC without the screwlike connection
PVC X-Connector	Made of clear PVC, for connecting 4 pieces of Flexilight in a cross-section.
Y-Cord	For connecting 2 pieces of Flexilight to the same power source or controller
Splice Cable	For connecting 2 pieces of Flexilight that are up to 6 feet apart from each other (outdoor)
Extension Cable	For extending the length of a regular Power Cord

Power Cord & Connector And End Cap

Splice Connector

Mounting Clip

U-Channel

Y-Cord
