I would buy this product for all of the women in my family!

Fell in love with it as soon as I put it on! I literally went from a big, puffy coat, with a liner in it to boot, to this jacket and was warmer with this jacket without the heat even on yet! My boyfriend got this for me as an early Christmas present and was worried I wouldn't like it because it wasn't stylish enough...it is for me! Not manly looking at all. He read reviews prior to purchasing it for me and noticed everyone was saying to order a size up than they currently wear, they were spot on. I am 5'3, 112lbs. and normally wear a size small, he ordered a medium and fits just perfect!! Definitely recommend!

⊕ Pros: Stylish, Warm
Purchased As Gift: Yes

☑ Yes, I recommend this product.

Women's jackets

Milwaukee needs to ad some plus sizes for women ! My wife wears an XL in just about ever piece of clothing but the women's jacket was far too tight !

⊖ Cons: Cut Too Small, Not Enough Sizes
Purchased As Gift: Yes
