
18" MODULAR TRACK EXTENDER, TITANIUM

APME18TM2 | [adorne](#)

FEATURES & BENEFITS

The Modular Track Extender allows you to install a system that fits your kitchen perfectly. Simply cut the extender to any length and attach to the end of your Modular Track.

Lay out your project with our [Under-Cabinet Planner](#), or visit our [Project Takeoff Services](#) for additional support.

SHOWROOM TOUR

- Extender does not include any module openings.
- Minimum recommended length is 6".
- Tamper-resistant outlets are designed with a patented shutter system, keeping children safe by preventing them from pushing small objects into the outlet.
- Each Under-Cabinet Lighting System must include a control box that is either hardwired to existing wiring or plugged into an outlet on the backsplash.
