

Uniduct 2700, 2800, 2900 Low-Voltage Latching Raceway

2700/2800/2900

The Uniduct Nonmetallic Latching Raceway System is a one-piece, single channel design, ideally suited to route and protect fiber optic, UTP, and other low-voltage (50V or less) cables in an easy to install and aesthetically pleasing application. The 2800 and 2900 Fiber Optic (FO) fittings maintain a 1 1/4" [32mm] bend radius and are the perfect solution for even the most demanding cabling applications.

features & benefits

- **One-piece design.** Easy to handle and install.
- **Easy open and snap-close latch.** Installations, moves, and changes are quick and easy.
- **Durable, flexible hinge construction.** Allows for repeated openings and closings while maintaining product integrity and aesthetics.
- **Adhesive backing.** Makes installation quick and easy.
- **Made of durable impact-resistant PVC.** Rugged for any application.
- **Available in three sizes and two lengths.** Accommodates varying cable types and capacities. Six and eight foot lengths minimize cutting, cover clips, scrap, and improves aesthetics.
- **Full selection of fittings, surface mount boxes, and multiport workstation outlets.** Makes installations quick, easy, and aesthetically pleasing.
- **Unique two-piece design of the new 2800 and 2900 Fiber Optic fittings.** Allows the cable to be placed-in without being subjected to pulling tension or stress.
- **Available in two standard colors.** Standard colors are ivory and white consult factory for special colors. Raceway is field paintable.
- **Datacom connectivity options.** Accepts industry standard and proprietary devices from a wide range of manufacturers to provide a seamless and aesthetically pleasing interface for voice, data, audio, and video applications at the point of use.

specifications

General Info

Product Series: Uniduct
Component Type: Raceway Base & Cover

Technical Information

Material: Nonmetallic
Capacity: Single-Channel
