

## Blank Plates -- Box Mounted, One Gang, 302/304 Stainless Steel

SS13

Smooth Metal Wall Plate, single gang blank box mounted and made of 302/304 Stainless Steel, is recommended for use in food processing plants, dairies, chemical plants, and other industrial, institutional, and commercial applications where corrosive atmospheres exist. It is constructed of corrosion-resistant stainless steel, brass, aluminum, chrome, brushed bronze, or galvanized steel. Standard, Jumbo, and Tandem plates available, as well as special Panel plates up to 5-gangs high and 10-gangs wide.

### features & benefits

- Type 302/304 Stainless Steel, non-magnetic: .032" nominal thickness.
- Brushed finish.
- This alloy contains 18% chromium and 8% nickel for superior resistance to corrosion.
- Recommended for use in food processing plants, dairies, chemical plants, and other industrial, institutional, and commercial applications where corrosive atmospheres exist.
- Standard, Jumbo, and Tandem plates available, as well as special Panel plates up to 5-gangs high and 10-gangs wide.
- Packaged in protective film, with finish-matching screws.
- Variety of special plated finishes.
- Paintable to match plastic plates.
- Can be silk-screened or engraved, and custom punched with over 300 opening styles.
