ENT FORM STUBBIES

Ease and convenience were a priority in the design of Kwikon ENT form stubbies. Contractors use our stubbies to create conduit stub-downs in concrete without needing to drill holes in the plywood form. Available in the original stubby design and the angled version, Kwikon form stubbies also protect the ENT from potential damage during the removal of wood forms.

The angled stubby gives you the advantage of positioning the ENT at a lower profile within the slab. It's available in all sizes of ENT up to 1 1/2".

Kwikon ENT Form Stubby

| Size (inches) | Part Number | Product Code |
|---------------|-------------|--------------|
| 1/2 | KSTB-10 | 089330 |
| 3/4 | KSTB-15 | 089331 |
| 1 | KSTB-20 | 089332 |
| 1 1/4 | KSTB-25 | 089333 |

Kwikon ENT Angled Form Stubby

| Size (inches) | Part Number | Product Code |
|---------------|-------------|--------------|
| 1/2 | KASTB-10 | 089233 |
| 3/4 | KASTB-15 | 089234 |
| 1 | KASTB-20 | 089235 |
| 1 1/4 | KASTB-25 | 089236 |
| 1 1/2 | KASTB-30 | 089238 |

ENT slides easily into the end nozzle of the stubby

Durable, high-impact PE
