

FEATURES & SPECIFICATIONS

INTENDED USE

All trims are compatible with L7X R6, L7X PHC R6 and L7XR R6. Only 701 R12, 7B1W R24, 7LD1 R12 and 7E1 R6 are compatible with L7XP R6 and L7XPR R6.

CONSTRUCTION

Aluminum one piece reflector.

Polyester powder coat paint.

All trim finishes have integral flange.

INSTALLATION

Socket to trim interface.

Trim retention is achieved by utilizing two side-mounted torsion springs on the trim and two receiving brackets in the can, ensuring a consistently tight fit with the ceiling.

LISTING

U.L. Listed to U.S. and Canadian safety standards.

All trims are damp location listed. Lensed trim is wet location listed.

WARRANTY

Fixtures are covered by Lithonia Lighting 24-month warranty against mechanical defects in manufacture.
