SMART SWITCH, WI-FI, NICKEL

WWRL10NICCV2 | radiant

FEATURES & BENEFITS

Take comfort in the convenience of controlling your lights from any smart device to set the exact lighting you need- from anywhere.

The radiant Collection now offers smart switches and outlets with the ability to control lights and set scenes and schedules from any smart device - or just ask Alexa or Google to turn lights on for you. Combining classic design and advanced functionality with simple connection among existing smart home solutions, smart lighting sets the exact lighting you want - when and where you need it.

The radiant® Collection is a step up from standard with simple, classic options in wiring devices, home automation controls and screwless wall plates that complement today's homes.

RoHS

- Control lights from smart phones and tablets with the Smart Lights app
