

PE2-CS Pedestal Unit

200 A 120/240 V single phase service

A solution for meter sockets not installed on the side of a residence or building

New

The new pedestal unit **PE2-CS** by Microelectric® makes it possible to have off-site meter readings.

The **PE2-CS** integrated pedestal saves installation time and is ideal in applications such as street and highway lighting, park and recreational facilities, irrigation control systems and many more.

For remote electrical service

Underground application feed only

Concrete slab installation

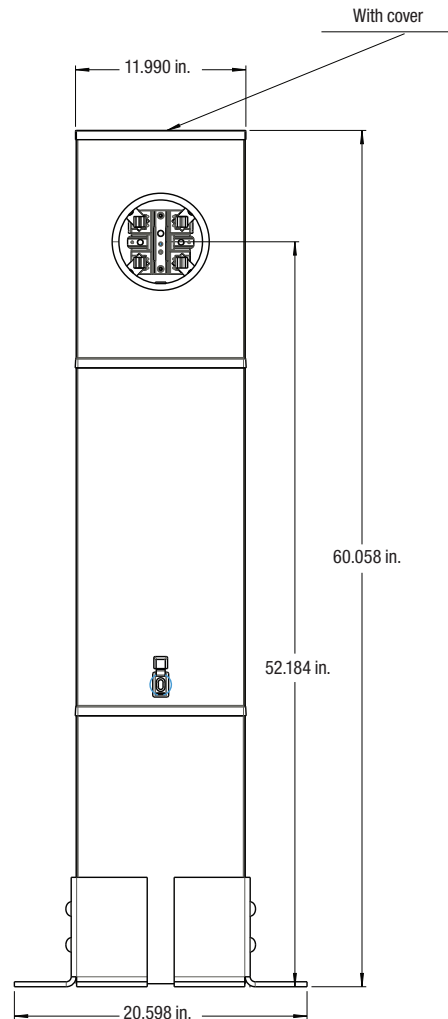

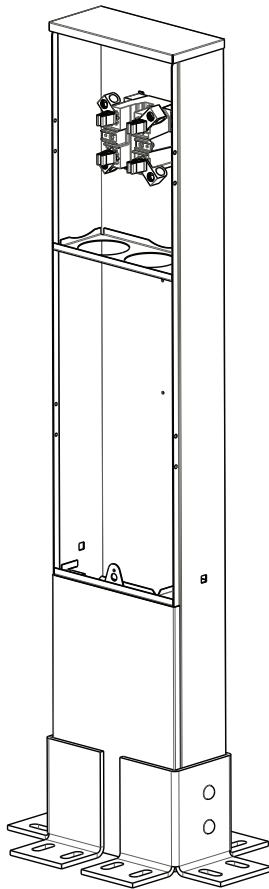

PE2-CS Pedestal Unit

200 A 120/240 V single phase service
