

NEW PRODUCT SHOWCASE

F-SERIES 3-IN-1 BOXES

SINGLE GANG DEEP BOXES

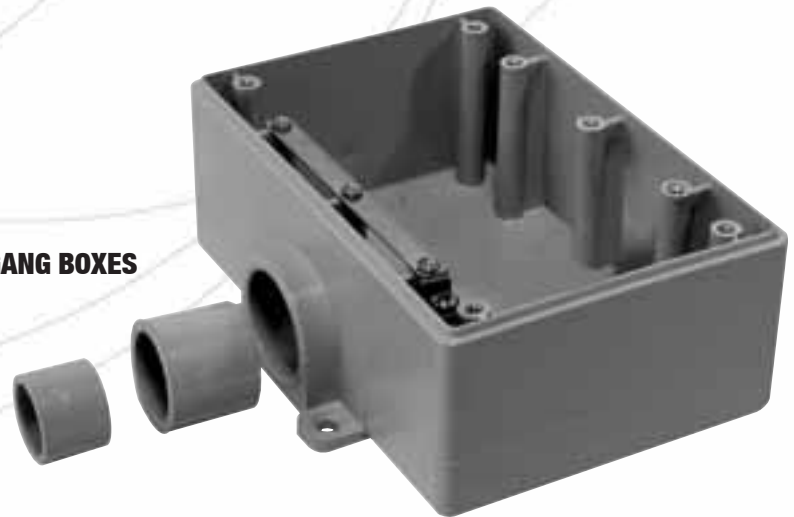

DOUBLE GANG BOXES

FEATURES:

- Three boxes in one
- Always have the right size when you need it
- Saves money on inventory
- Box hubs can be sized as required in the field

TRIPLE GANG BOXES

Introducing Scepter F-Series 3-in-1 boxes. Available in single (deep), double and triple gangs, these boxes can be adapted to accommodate three sizes of conduit ($\frac{1}{2}$ ", $\frac{3}{4}$ ", 1") in one box, reducing inventory and ensuring that contractors will have the size they need when they need it.

The 3-in-1 box comes with a standard 1" hub which can be resized to $\frac{3}{4}$ " or $\frac{1}{2}$ " using the supplied reducer bushings. For the $\frac{3}{4}$ " entry, solvent cement the $\frac{3}{4}$ " reducer into the 1" hub. For the $\frac{1}{2}$ " entry, first solvent cement the $\frac{3}{4}$ " reducer into the 1" hub, then cement the $\frac{1}{2}$ " reducer into the $\frac{3}{4}$ " reducer.
