FB11G

11.5" Titanium Glazer Bar

This 11.5" Titanium Glaze Bar (FB11G) provides maximum utility with minimum weight. The 100% Titanium body is 45% lighter than steel. The cast arch and fulcrum points provide strength and maximum prying power. Multifunctional design minimizes the number of tools you have to carry. The bar pries 16d nails, staples, shingles, boards, and more. The thin pry end is great for scraping, prying, or setting windows. It even includes a bottle opener for on-the-job refreshment! Great for Stick Framers, Finish Carpenters, and Glazers.

INCLUDES:

[\(1\) 11.5" Titanium Glazer Bar \(FB11G\)](#)

FEATURES:

- 8.5 Oz solid Titanium bar with super strong arch design
- Pat. Pending Staple Puller mid-bar pulls 9/16" staples easily without nicking edges of expensive flooring
- Built-in bottle opener under arch
- Two separate Pat. Pending "multi-fulcrum" nail pullers - design increases leverage
