

Nothing but **HEAVY DUTY**.®

# M12™ CORDLESS HEATED GEAR

Powered by M12™ REDLITHIUM™ Battery Technology, Milwaukee® M12™ Cordless Heated Gear distributes heat across core body areas and stops cold dead in its tracks. Durable carbon fiber heating elements woven in between rugged exterior materials and thermal insulating liners generate and maintain heat to keep you moving in any weather condition. On or off the jobsite, Milwaukee® M12™ Heated Gear provides up to 6 hours of continuous heat per battery charge for use in all seasons and outdoor environments. M12™ REDLITHIUM™ Batteries are compatible with over 60 power tool solutions, from Milwaukee®.

**Water and Wind Resistant**

**3 Heating Zones**  
Chest and Back

**5 Heating Zones**  
Chest, Back, Pockets

**In-Pocket USB Port**  
Charges portable electronic devices

## SHARED FEATURES
