

PADDLE™ DIMMER SWITCH, 700W INCANDESCENT/HALOGEN, WHITE

ADPD703HW4 | [adorne](#)

FEATURES & BENEFITS

USAGE

- Perfect for anywhere you'd like the combined power of on/off and dimmable lighting control options.
- The adorne Paddle Dimmer Switch is a beautifully inventive solution to total lighting control – turn lights on and off with a simple rocking motion, or slide to dim.
- Use on its own to control a light from one location (single-pole operation) or pair with a second switch or dimmer to control a single light source from two locations (three-way operation).
- This 700W version of the Paddle Dimmer Switch is meant for single fixtures and small lighting groups that do not exceed a total wattage of the number of bulbs multiplied by their respective wattages.
- Pair with matching [Paddle Switch](#) or [Paddle Fan Speed Control](#) to create a uniform look throughout a room or your entire house.
- This item also comes in 450W and 1100W options.
- This item is also available in [magnesium](#).

GETTING STARTED

- Time to install: 15 minutes or less.
- Fits existing electrical box and does not require new wires for typical installation.
- Innovative snap-in system ensures easy installation.
- This item requires an adorne Wall Plate. [Shop now](#) to choose from dozens of finishes including a variety of luxurious metals, or order in your own custom finish.
