Large Crimp Tool – Compound-Action

Klein's new large compound-action crimp tool easily applies 6 – 4/0 AWG lugs and terminals.

It features a convenient all-in-one integral crimp nest with no removable parts to lose or rotating dies to set. The high-leverage handles and compound-action mechanism work together to provide superior mechanical advantage, while ultra-comfortable hand grips make the tool easy to use. An adjustment screw allows the user to control crimp depth.
