

ABB express

Multi-character marking (customized orders)

Please consult your regional sales offices for a quote
(min. order required)

Multi-character markings allow you to order markers already printed with the combinations of characters required, in accordance with customer specifications, direct from ABB with a 5- to 10-day delivery for orders under 10,000 markers. The information is transferred via e-mail in Excel® format. Purchase order is matched with the Excel file and is sent to Customer Service. We even offer heat-shrink markers. Value of customized marking order must be equal to or greater than \$100.

Standard colour for customized markers is yellow unless otherwise stated in customer's Excel file.
*To complete catalogue number, add maximum number of characters required.

SMC series

SMC Series

Cat. no.	AWG	Max. number of characters
