SIDE DOOR ADAPTER

APPLICATION

ProLine G2 Side Door Adapters allow the mounting of a standard door to the side of the enclosure. When mounted to the enclosure, they maintain enclosure environmental integrity.

SPECIFICATIONS

- 14 gauge (1.75 mm) steel
- All mounting hardware included
- EMC Side Door Adapters are plated to provide corrosion resistance while maintaining a metal-to-metal contact
- Longer lead times required for EMC items

FINISH

- Polyester powder paint; RAL 7035 textured light gray standard
- Custom colors available

DOOR STOP KIT

APPLICATION

The Door Stop Kit is used for modular enclosures and holds doors open at 130 degrees.

FEATURES

- High-performance, 3/8-in. (9.5 mm) aluminum stop arm
- DELRIN® gliders for smooth actuation
- BV-M6 fasteners to attach the door stop to the frame and door

SPECIFICATIONS

- 10 gauge (3.0 mm) steel slotted slider bracket
- Mounts without drilling
- Kit includes a slotted slider bracket that mounts to the top or bottom of the door and a stop arm that attaches to the frame
- All necessary mounting hardware included

BULLETIN: P40

Catalog Number	Description
P2ADSK	ProLine G2 Door Stop Kit

180-DEGREE HINGE KIT

Hinge option for modular enclosure doors to provide up to a 260-degree door opening on single-door enclosures.

BULLETIN: P40

Catalog Number	Description
P2AH180	ProLine G2 180-Degree Hinge Kit

REMOTE DOOR SWITCHES

- The remote door switch can activate a light or other electrical component when the enclosure door is opened

- Mounts on enclosure frame and includes mounting hardware
- Mounting plate is 14 gauge steel with a plated finish
- Can be hard-wired to the PaneLite LED or Fluorescent light or connected via the PaneLite Door Switch Cable

BULLETIN: A80LT, P20

Catalog Number	Description
ALFSWD	Door switch assembly (order connection cable separately)
PLFSWD	Door switch assembly for ProLine and ProLine G2 (order connection cable separately)

PROLINE GROUNDING KIT

The Grounding Kit allows a ProLine or ProLine G2 enclosure to be grounded to VDE specifications. Includes six 12-gauge wires 411 mm (16.19) long with ring terminations and M6 mounting hardware.

BULLETIN: P20

Catalog Number	Wire Size	Length Between Ring Terminals mm/in.	Ring Terminal Hole Diameter mm/in.
PGK	12 ga.	411 16.19	7 .29

GROUNDING PLATE KIT

The Grounding Plate Kit effectively grounds ProLine or ProLine G2 covers to the frame. The kit consists of one bracket designed to ground the rear cover, a set of brackets to ground the top and side covers, and hardware to secure the brackets to the frame. The brackets are constructed from 24 gauge 304 stainless steel.
Please note that if electrical devices are to be installed on the cover(s), grounding wires are required as defined in NFPA 79. It is recommended to use Grounding Kit PGK under these circumstances.

BULLETIN: P40

Standard Product

P2AGPK	Grounding Plate Kit

DATA POCKETS

Provides a convenient place to store wiring diagrams, operation manuals and other documentation inside the enclosure. Adhesive-backed pockets mount inside the solid enclosure cover. Mounting hardware included. Thermoplastic pockets are black and have cut-away areas for easy inspection of contents.

BULLETIN: A80DP

Catalog Number	Description	L in./mm	W in./mm
ADP1	Small pocket	6.00 152	6.00 152
ADP2	Large pocket	12.00 305	12.00 305

Use ADP2 when A = 24 and B = 30

STEEL DATA POCKET

APPLICATION
Provides a convenient place to store wiring diagrams, operation manuals and other documentation inside the enclosure.

SPECIFICATIONS
- Steel Data Pocket fastens to the bottom of the door
- Door Bar Grid Straps (purchased separately) must be used to change the vertical mounting position of the data pocket
FINISH
- Polyester powder paint; RAL 7035 textured light gray standard
- Custom colors available

BULLETIN: P40

Catalog Number	Description
P2ADPS1	Steel Data Pocket

FOLDING SHELF

APPLICATION
The folding shelf can be used on the exterior or the interior of a door to provide a convenient surface for computers, tools or paperwork.

SPECIFICATIONS
- Mounts to door using Door Bar Grid Straps (sold separately)
- Locks in two positions - 90 degrees as a shelf and 15 degrees as a writing surface.
- Holds up to 30lb (13.6kg)
- 16 gauge steel with 12 gauge brackets

FINISH
- Polyester powder paint; RAL 7035 textured light gray standard
- Custom colors available

BULLETIN: P20

| Catalog Number	Description
PSHDM	Fits door widths 600, 700, 800 and 1000 mm

DOOR BAR GRID STRAPS

APPLICATION

The ProLine G2 Door Bar Grid Straps are used to mount accessories to the door.

SPECIFICATIONS

- Straps mount to the door bar
- Load rating: 100 lbs (45.4 kg)
- 16 gauge (1.5 mm), mild steel

FINISH

- Plated

PROLINE G2 MECHANICAL INTERLOCK

P2AMIS

P2AMISB

P2AMIB

P2AMIP

P2AMIE

The Mechanical Interlock solution and associated components have been redesigned to simplify installation and increase operator safety. The solution is based around a ½-in (~13 mm) Aluminum Hex Rod, which feeds through door actuators positioned only at the top of the enclosure(s). The door-mounted activator brackets engage with the actuator(s), also installed in series is a hook and capture system: the combination of actuator and hook increases safety by preventing system re-energization without closure of all secondary doors and the primary door.

The components can be combined to safely interlock any number of enclosure configurations, including applications where a rear door or series of doors are present. Note that interlock components will work with all door options (solid single, overlapping double, window, and disconnect), mounting on the upper door bar near the center to provide maximum security. Consult installation instructions to determine which components would be required to safely interlock a defined solution.

ELECTRICAL INTERLOCK

INDUSTRY STANDARDS

UL Component Recognized

CSA Certified

APPLICATION

Provides positive internal safety lockout on electrical enclosures while the equipment is energized. Catalog numbers AEK115, AEK230 and AEK460 are used with standard Hoffman door latching mechanisms. When energized, these interlocks prevent the door handle from being turned to open the door. The interlock fits either clockwise or counterclockwise handles in the following enclosures:

1. All two-door Type 4 and 12 enclosures
2. All Type 4X with 3-point latch enclosures
3. Free-stand Type 12 enclosures
4. All single-door Type 12 enclosures with latch kits installed

The above interlocks will fit the following enclosures, but modifications are required. Consult the factory for more information.

1. Two-Door Enclosures for Flange-Mounted Disconnects, Type 12
2. Heavy Duty Free-Stand Enclosures for Flange-Mounted Disconnects, Type 12
3. Modular Enclosures for Flange-Mounted Disconnects, Type 12
4. Multi-Door Enclosures, Type 12

The interlocks will also fit most Hoffman custom enclosures with door latching mechanisms similar to the mechanisms used on the preceding enclosures.

Non-NDH style electrical interlocks will not fit Concept Enclosures or Bulletin A25 and A26 Enclosures. Interlocks are not designed to be used in place of the standard door or cover latch.

Catalog numbers AEK115NDH, AEK230NDH and AEK460NDH are designed to be used on some Hoffman enclosures and boxes which have exterior latching only. When energized, these interlocks will prevent the enclosure door from being opened. They fit on the door or cover of the following enclosures:

1. One-door Type 4 and 4X enclosures
2. Two-door Type 4 and 4X enclosures
3. One-door Type 12 enclosures
4. Larger sizes of junction boxes
5. Type 1 and large Type 1 enclosures

The above interlocks also fit in most Hoffman custom enclosures and boxes which have doors or covers hinged similar to doors or covers on the preceding enclosures.

Installation

Interlock mounts on bracket attached to door bar on inside of enclosure door.

SPECIFICATIONS

- Rugged steel construction and plated finish. Solenoids are rated for continuous duty and will stand up under heavy industrial use.
- Packaged complete with a solenoid assembly, mounting bracket and instructions for field installation.

Door handles and latching mechanisms are not included.
