

The smartest way to take control of lights and power, optimized for larger homes.

Smart Lighting lets you set the exact lighting you need, from anywhere, adding safety and convenience to your home. And delivering it all with unprecedented range and reliability, radiant® with Netatmo leverages leading Netatmo technology to provide an ideal solution for larger homes with many smart products. Start with the Smart Gateway to establish a robust and dedicated mesh network, then add smart switches, dimmers and outlets to build a solution that perfectly fits a home's unique space and needs.

The Wireless Smart Switch with Netatmo can be added to any wall, or virtually any surface, for easy 3-way control -- no wires necessary. Use the included mounting adhesive to gain control of a room's lights from a second on-wall location in minutes, no tools required. An ideal solution for large rooms or areas with multiple entrance/exit points that are not wired for 3-way control.

Features & Benefits

Smart Gateway REQUIRED

Control lights from smartphones and tablets* with the Legrand Home + Control app. Even schedule lights to turn on/off automatically, create groups, set scenes and monitor energy usage

Installs easily, no wiring required, for ultimate flexibility. Simply mount to any wall for long-lasting, battery-powered control

Perfect solution for adding 3-way control, no wiring required, when paired with a Smart Switch with Netatmo

Compatible with other smart products through Amazon Alexa, Google Assistant and Apple HomeKit, as well as with home automation systems

Features ultra-reliable performance through a robust and dedicated mesh-network

Available color options include White, Light Almond and Nickel

Screwless Wall Plate included. Coordinate with other designer switches and outlets available from the radiant® Collection for a cohesive, sophisticated look

Must be paired with a Smart Switch or Smart Plug-In Switch from the radiant with Netatmo solution
