

radiant Collection  
radiant® Two Single-Pole Switches, Black  
Part No. RCD11BK

Control two separate lights or devices from a single location with this combination switch. Designed to emulate the sleek lines of the collection's paddle switches, it delivers flexible, space-saving control with the sophisticated look of radiant. Made exclusively for use with screwless Wall Plates from the radiant® Collection, sold separately.

## Features & Benefits

- Offers installation flexibility with space-saving style, as part of the extensive offering from the radiant® Collection.
- Features durable, high-impact resistant thermoplastic construction.
- Designed to install easily with a narrower back body and captivated mounting screws.
- Patented Snap-In Light Module (sold separately) transforms a combination switch into an illuminated switch in seconds.
- More color options available to fit any style, including finishes to match current hardware and lighting trends.
- Complete the look with a sleek, screwless radiant® Wall Plate, and coordinate with other designer switches and outlets available from the radiant® Collection.
